

LIVING IN TRANSITION EFFECTIVELY

WHAT IS LITE?

LITE is an independent nonprofit Recovery Community Organization (RCO) and Regional Recovery Hub as designated by the Indiana Recovery Network (IRN) and Mental Health America of Indiana (MHA). We assist those in the recovery community and justice-involved individuals in making community connections. Our entities –LITE Regional Recovery Hub, LITE Recovery Café, and LITEhouse Recovery Residence –provide spiritual, educational, and vocational services and connections.

LITE supports all pathways to recovery and believes we're all recovering from something. We offer peer-led programs, mentoring, and training. We are housed in the Milford Methodist Meeting House, work inside the Kosciusko County Jail in Warsaw, Indiana, and reach the surrounding areas and communities.

Our Regional Recovery Hub footprint spans nine (9) counties. We're mentoring, recruiting, and collaborating in St. Joseph, Elkhart, Kosciusko, Fulton, Marshall, Cass, DeKalb, and Warrick Counties.

Our nonprofit is sustained through grants, donations, DMHA funds, sustaining partnerships, and volunteers. LITE is a faith-based initiative but is open to all.

LITE's main office is located at:
210 W. Catherine St., Milford

Mission Statement

Providing the recovery community with positive connections and outcomes.

Purpose

Communities are only as strong as their most vulnerable members.

PROGRAM & SUPPORT FOCUS.

With Kosciusko County Jail, Work Release, & Community Corrections: LITE works with officials to offer support, programs, classes, and resources to equip and transform clients for success as they reenter their community.

On the "Outside": LITE works with clients to develop an action plan. We help by building relationships and giving them hope and community.

Peer Coaching: LITE provides Certified Addiction Peer Recovery Coaches (CAPRCs) to any client who requests one.

Support Groups for families and loved ones of those incarcerated: LITE provides and connects people to resources, support, mentors, and information they need to help their loved ones make a successful transition.

Collaboration with other groups: In this community, we are blessed with many resources, but it can be overwhelming to sort out the focus of each and often there is overlap. Our goal is to reduce the overlap and competition for resources. We are working to build collaborative efforts for all because...

→ **Collaboration = Multiplication!**

Board of Directors:

Chris Cotton
President - Northern Lakes Insurance

Dave McFadden
Secretary – Retired President, Manchester U.

Robyn Palmer
Treasurer – Sr. VP, Crossroads Bank
